Find the courses, timetables and everything else for M.Sc. Biology on:

Stundenpläne, Seminare und alles andere für M.Sc. Biologie finden Sie hier:<http://www.tiho-hannover.de/studium/animbio/index.htm> ([Link](#))

neu:

Lehrveranstaltungen Bachelor (Biologie, Life Science)

des ITZ Wahlpflichtmodule für Tiermediziner WS 2009/2010 und SS 2010 (PDF) Vorlesungen, Seminare und Biol.

Kolloquium im Modul "Biodiversity, Behaviour & Evolution";

(Master of Animal Biology, WS2009/10) (PDF) General List of Courses

- Lecture Course in Evolutionary Biology
- Seminar with accompanying lab in Molecular Phylogenetics
- Seminar in Systematics and Taxonomy
- Seminar in Writing Scientific Publications
- Seminar in Oral Presentation of Scientific Results
- Two-Week Intensive Lab Course: Biological Colloquium in Molecular Ecology & Evolution
- Lecture Course in Comparative Zoology
- Summer Field Course in Species Identification and Sampling

In addition, our institution is involved with several courses as part of new PhD initiative centering on Biodiversity in the Information Age, including the following courses:

- Lecture Course in Mathematical Aspects of Biodiversity  
with Accompanying Seminar in Mathematical Scaling of Biodiversity
- Course in Scientific English
- Lecture Course and Seminar in Database Research
- Laboratory Course in DNA Sequencing and Molecular Methods
- Course in Computer-Based Analysis of Molecular Data

Prof. Dr. Bernd Schierwater also participates in a seminar course at Yale University in Molecular Genetics.
